

ALEX SALOMATOFF HAS THE ANSWERS TO YOUR BOAT QUESTIONS!

Alex Salomatoff.

IT HAS BEEN A WONDERFUL YEAR

by Alex Salomatoff, owner of Alex Marine Service Plus

To my personal friends, business acquaintances, and strangers I have met for the first time! What a wonderful year this has been.

Most importantly, my health has been exceptional, and this, has led me to enjoy what I love to do the most, serve my customers to the best of my abilities and that of my staff.

We receive hundreds of calls a month from boaters and individuals with all kinds of mechanical and personal issues with their watercraft of all types. Working out of the mid Hudson River Valley our location gives us the ability to travel north and south quickly and

efficiently to solve your problems. Most marina's and other locations allow us to work in their marinas with their permission. This allows us travel to the location of the problem rather than bring the boat to our service location. Our vehicles are fully equipped to service, on the job, this makes us unique, efficient, and skilled in all types of boats, and other vehicles.

It also gives us the ability to meet many more of you than we normally would.

Diesels are one of our specialties. I cannot tell you how many times we have gone to solve problems with diesel equipped boats or vehicles that others have tried to fix but could not. The satisfaction of correcting the problem is as much ours as our customers.

Now that winter is upon us, our staff is focused on indoor work in our shop such as rebuilding engines, transmissions, outdrives, etc. With that in mind please do not wait until spring to ask us to take on the problems we could have solved during these winter months. You will find that working now on your boat or other vehicle can take a tremendous pressure off your spring and summer 2020 enjoyment.

***All the very best in 2020
and the years ahead.***

Sincerely,

Alex
